

# Immersive HD 112HD Subwoofer

Detail / Powdercoated Grill

## 112HD Description:

The **112HD** is a high definition compact subwoofer, featuring a high power 12" long throw, low frequency transducer. The uniquely braced 18mm Baltic Birch enclosure has been designed to achieve maximum extension and tight bass response.

## 112HD Features:

- All weather long throw woofer featuring a super stiff composite cone and large rubber surround in a tuned enclosure for massive amounts of clean tight bass.
- Built in industry rated fly points
- Multi position (side, top, or bottom) rubber feet for vibration free surface placement.
- All stainless-steel hardware

## 112HD-AW "All Weather" Outdoor

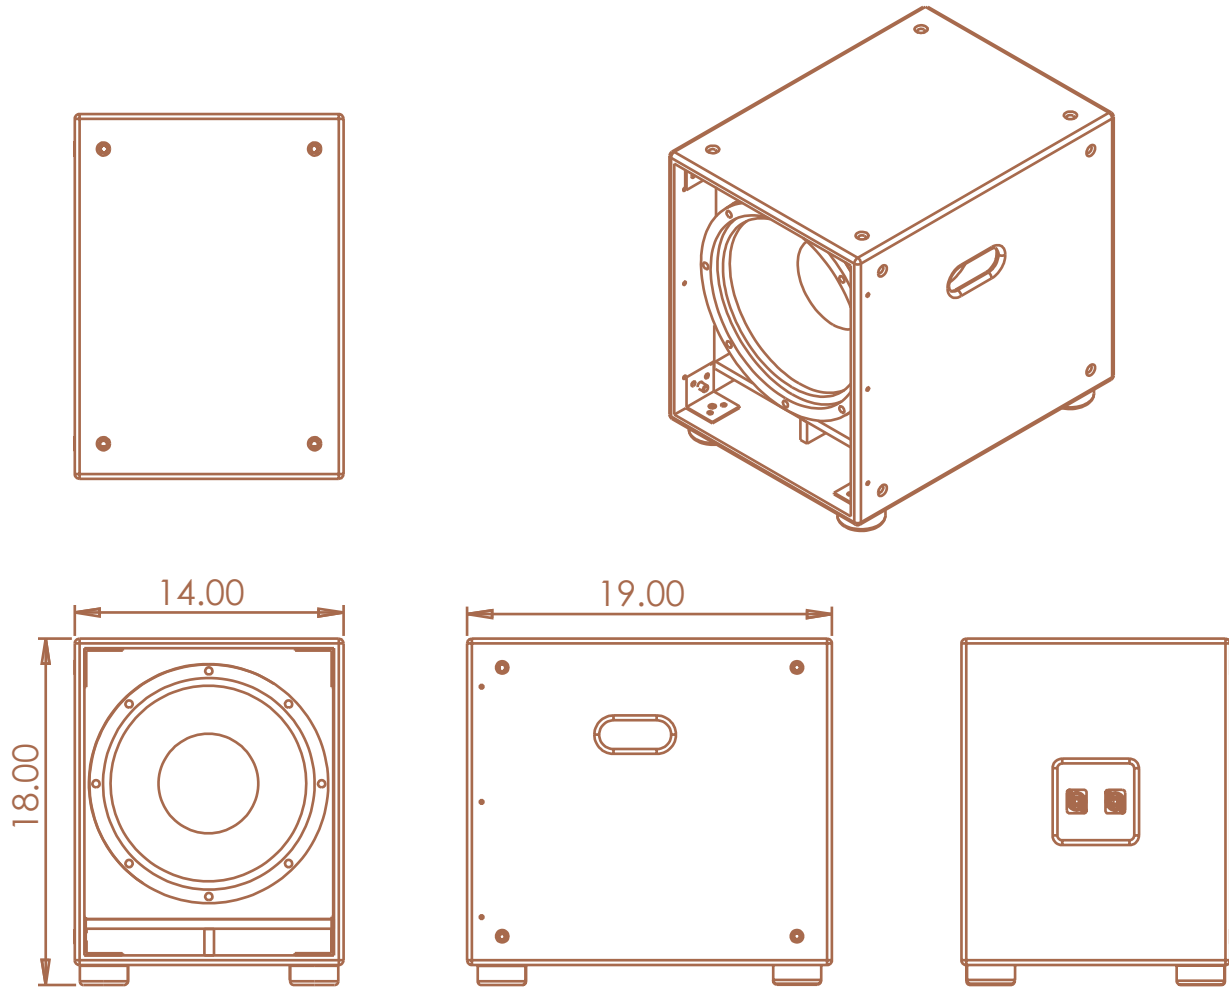

All weather enclosure, environmentally sealed inside and out is designed to withstand the harshest of environmental conditions in any outdoor installation.

## Applications:

Perfect for installations in night clubs, live venues, houses of worship, performing arts theaters and more. The **112HD** Compact Subwoofer delivers high-output, low frequency reinforcement when space is at a premium. Designed for portability as well as permanent installations with integrated 10mm fly points. Engineered to compliment our model **6.5HD** loudspeakers and Line Array systems. Delivering punch, high impact and clean tight bass. The **112HD-AW** for use in outdoor installations makes your backyard landscapes, patio and pool areas come alive with unparalleled audio quality and deliver years of satisfaction and listening pleasure.
